SUMMARY

Career-switching informatics undergraduate currently pursuing a Bachelor’s degree while working in a non-IT role. Actively building hands-on skills in cybersecurity, web and mobile penetration testing, and secure application development. Experienced in security tooling development, OWASP Top 10 fundamentals, API security testing, and vulnerability reporting through projects, labs, and certifications. Seeking internship or entry-level opportunities in Cybersecurity, SOC, or Application Security.

CORE SKILLS

- Web & Mobile Penetration Testing (Hands-on)
- OWASP Top 10 (Practical Exposure)
- API Security Testing & HTTP Analysis
- Reconnaissance & OSINT Basics
- Vulnerability Assessment & Reporting
- Secure Coding Fundamentals

SECURITY TOOLS & TECHNOLOGIES

- Cybersecurity: Web & Mobile Pentesting, Vulnerability Assessment, Ethical Hacking, Secure Coding
- Networking & OS: TCP/IP, Firewall Basics, Windows & Linux Administration
- Development: Flutter, Web Application Development, API Testing
- IoT: ESP32, Sensor Integration, Cloud Dashboard Integration

WORK EXPERIENCE

Administration Staff | Indomaret Group

Feb 2020 – Present

- Managed operational and administrative data with strong attention to detail
- Supported internal reporting and documentation processes
- Demonstrated discipline, accountability, and teamwork in a fast-paced environment

PROJECTS

Mobile Pentest Toolkit

2024 - 2025

- Developed a cross-platform mobile penetration testing toolkit using Flutter
 - Implemented reconnaissance, port scanning, DNS/WHOIS lookup, subdomain enumeration, HTTP testing, and hashing utilities
 - Applied OWASP Top 10 principles and basic secure authentication
 - Designed modular and extensible architecture for future feature expansion
 - Implemented secure authentication, dark mode UI, and optimized user experience
- URL: github.com/tenggara25/mobilepentesttoolkit

EDUCATION

Universitas Al Azhar Indonesia | Bachelor of Computer Science (In Progress)

2023 – Present

- Focus: Cybersecurity, Penetration Testing, IoT, Web & Mobile Development

CERTIFICATION & TRAINING

Security & Ethical Hacking:

- **Certified AppSec Practitioner v2 (CAP)**, The SecOps Group (2025)
- **Certified Network Security Practitioner (CNSP)**, The SecOps Group (2025)
- **Certified Cyber Security Educator Professional**, Red Team Leader (2025)
- **Jr. Penetration Tester**, TryHackMe (2024)

HANDS-ON & PRACTICE

- TryHackMe & HackTheBox labs: enumeration, exploitation basics, and vulnerability reporting
- Practical exposure to common attack vectors and defensive considerations
